➤ Lyon Lights Stadium

The Lights Stadium is situated in Décine in the suburbs of Lyon.

It's the first stadium completely private and it's 100% owned by the Olympique Lyonnais Group. This stadium inaugurated in January 2016 is now the resident stadium of Lyon Professional Soccer Team. It's build on a 50 hectares Land and has a capacity of 59,100 seats. The total cost of the project is estimated at 400 million euros.

23 different products of the PAREXLANKO range were used during the different steps of the construction. The main products were used for concrete structural repair, grouting and surface rendering.
