> Main Place Residence

Main Place Residence is situated in a vibrant commercial hub in USJ21, a southern tip of the affluent township UEP Subang Jaya.

It's red and white exterior trademark consists of 4 blocks 25 storey of 1,211 units serviced apartment and an upscale mall which spread across three floors.

The 4.3 acres development of Main Place Residence is developed by Bina Puri, an internationally well-known developer with world-class projects including KLIA 2 and LRT extension.

The USJ 21 LRT station, which is still in progress is located less than 5-minute walk away from the development.
